Alumni Programs

Calgary Flames Alumni Hockey School

The Calgary Flames Alumni held their inaugural Hockey School in the summer of 2020, with the 2024 iteration including 17 different members of the Calgary Flames Alumni out over the course of 2 weeks spending time on ice with participants.

The goal of the Calgary Flames Alumni Hockey School is to offer families a reasonably priced option to keep kids active and engaged in the sport of hockey. The focus is teamwork and having fun.

This camp also allows the Alumni group to re-connect and give back to the community by sharing their knowledge of the game. Each ice session is followed by an autograph session and Harvey was also in attendance each week to greet the kids. New this year was a special one-night discount event at Team Town Sports where families received a \$50 gift card and some exclusive discounts on gear. Matt Stajan and Colin Patterson were in attendance signing autographs for the families.

Alumni Masters

2025 marked the 31st year of the Calgary Flames Alumni Masters Tournament. The Masters Tournament, presented by ATB, is an annual charity golf tournament hosted by the Alumni. 100% of the proceeds from this year's tournament directly supported **Cerebral Palsy Kids and Families** and their Adapted Bike Program.

The Alumni Masters has also provided a specific time each year for Alumni to gather together and engage. This is key in creating the strong knit community the Alumni in Calgary have created, and what makes them one of the strongest Alumni groups in the NHL. Fifty different Alumni participated in this year's event.

In addition to the day of golf, members of the Alumni attended the **Cerebral Palsy Kids & Families Adapted Bike Clinic**. Alumni got to meet children who were getting fitted for their custom bikes, and were able to help families set up and see firsthand how the money raised at the Alumni Masters Tournament makes a difference.

Alumni Toy Drive

2024 marked the 6th Annual Alumni Toy Drive. The Alumni spend the month of December collecting gifts around the city and at the Scotiabank Saddledome.

Donations from the Toy Drive were wrapped by members of the Alumni and then delivered to the **Women In Need Society** and **Woods Homes**. The final deliveries were made on Christmas Eve where members of the Alumni were joined by Calgary Police officers to deliver toys, a hamper and grocery store gift cards to 27 families in need across the city.

Jr. Flames Participant Testimonials

“ ”

This is an amazing program! A simple, informative, supportive, and enthusiastic introduction to hockey that caters to all! What a great experience! Thank you Logan, Jamie, and all the coaches!

Great program that teaches the kids the fundamentals. Very well organized and the Flames alumni that participated really raise the bar.

“ ”

Playing at the Saddledome was a memorable highlight, making the experience even more special for her.

Beyond the excitement, this program truly excels at building foundational hockey skills, encouraging social interaction, and instilling the values of teamwork and sportsmanship.

“ ”

I highly recommend this program to any parent looking to spark a love for hockey in their child. We can't wait to see her take the next step and join a community house league as she continues her hockey journey!

Alumni Krahnicles

The Flames Alumni teamed up with the Fan 960 to do their own Flames Alumni Radio show called the 'Flames Alumni Krahnicles' hosted by Brent Krahn and his sidekick Colin Patterson. The interviews focus on our Alumni, how they started hockey, their professional career and some of the charitable work our Alumni does.

Taped in a Podcast style and then formatted into a radio show, it ran every Saturday from March 22 to July 5 with 16 different episodes at one hour each. They replayed select shows another 14 times for a total of 30 hours on air. On average, each podcast was downloaded over 2000 times. Our data shows another 2000-4000 people were listening on the radio or streaming it live.

Alumni Wives Group

The Calgary Flames Alumni became league leaders with the launch of the Alumni Wives group in 2024-25. The group is championed by Tanya Glencross, Kary Otto, Sherrie Patterson and Jane Gelinas. The goal is to gather a group of likeminded women to form meaningful connections and impact the community in a positive way. These goals mirror what the Calgary Flames Alumni Association is all about and increases the reach of the Calgary Flames brand and impact on the community.

On April 1, the Alumni wives hosted their first formal luncheon for the group. A total of 31 ladies attended representing multiple generations of hockey families. Jessica Janzen provided a communication workshop to help the group begin to develop deep and meaningful connections. Donations were collected for **Highbanks Society**, a charity that receives no federal funding and is here to provide critical support to pregnant and parenting women ages 16-24 and their children. Highbanks moms have endured significant and intersecting traumas.

NHL First Shift Program

Jamie Macoun, Curtis Glencross and Dana Murzyn represented the Calgary Flames Alumni participating in the NHL/NHLPA FIRST SHIFT program. This program is designed to ensure a positive experience for new-to-hockey families. FIRST SHIFT is designed to facilitate entry into hockey by offering a program that is accessible, affordable, safe and most importantly fun!

This program takes away any intimidation as it relates to equipment requirements and rules of the game. Curtis and Jamie spend over 100 hours helping introduce families to the game of hockey from equipment fittings to on ice instruction and visiting with the families. The 2024-25 edition of the program saw 450 children register to try hockey for the first time. This was up from 405 children in 2023-24.

Flames Try Hockey Program

In addition to the NHL First Shift Program, the Flames Alumni also supported the Flames Try Hockey program by spending time on the ice with children that are new to the sport. The Calgary Flames Foundation in partnership with Hockey Calgary have created a program designed for families new to hockey, features a six-week series of one-hour on-ice sessions, providing a comprehensive introduction to the sport. It aims to reduce costs and enhance accessibility for those new to hockey.

SuperHEROS

Lead by Colin Patterson, members of the Calgary Flames Alumni were in attendance for all sessions of this years' SuperHEROS program. SuperHEROS is open to youth ages 7-17 with cognitive and physical challenges and like all HEROS programs is completely free.

Since becoming involved with HEROS/SuperHEROS, the Flames Alumni have helped create an incredible sense of community throughout the Calgary chapter. Many SuperHEROS parents never thought their child would have a place in hockey but seeing them skate with the NHL legends they grew up watching changed this narrative and created a world of opportunities they never thought possible.

Having an NHL Alumni hockey player telling them that they are hockey players makes them feel like there is a place for them in the game. The Alumni are on the ice interacting with the kids and spending time with the families.

SEASONAL HIGHLIGHTS:

Flames Alumni spent over 100 hours on the ice with SuperHEROS players last season.

For each SuperHEROS player, 10 people report experiencing a positive change in their lives. Their parents, teachers, siblings, and friends all benefit from the great work you are doing.

This year SuperHEROS brought a group of players from Calgary to Anaheim to participate in an American Special Hockey Association tournament. For some, it was the first time ever participating in a tournament.

Outside of the normal SuperHEROS programming, the Flames Alumni also sponsored the end of year banquet for players and coaches, and brought a group of SuperHEROS to the Alumni hockey school.
